PROFESSIONAL SUMMARY

Detail-oriented UI/UX Designer and Front-End Developer with hands-on experience in designing and developing responsive, user-centric web interfaces. Proficient in HTML, CSS, JavaScript, Bootstrap, Figma, and Adobe XD. Experienced in wireframing, prototyping, usability testing, and creating intuitive user flows. Passionate about applying UX design principles to deliver accessible, visually appealing, and performance-optimized digital products, with familiarity in accessibility guidelines (WCAG) and mobile-first design principles.

TECHNICAL SKILLS

Design Tools: Figma, Adobe XD

UX Skills: Wireframing, Prototyping, User Research, Usability Testing, UX Flow

Front-End: HTML, CSS, JavaScript, Bootstrap, Responsive Web Design

Tools & IDEs: VS Code, GitHub, MS Office

SOFT SKILLS

• Creative Thinking

• Team Collaboration

• Problem Solving

• Attention to Detail

• Time Management

PROJECT

E-commerce Website – Anime Toys Shop Link **(September) (2025)**
Technologies: HTML, CSS, JavaScript, Bootstrap

- I designed and developed a fully responsive **anime-themed e-commerce website** with a strong focus on user experience and modern UI design. The project includes structured product pages, smooth navigation flow, and interactive elements such as hover effects, sliders, wishlist icons, and add-to-cart interactions.

Wedding Planner App – UI/UX Design (Figma Prototype) Link (August) (2025)

- I designed an elegant and user-friendly **wedding planner mobile app** in Figma, focused on helping couples smoothly organize their events. The design includes modern onboarding screens, vendor listings, budgeting tools, checklists, gallery sections, and a clean dashboard for managing wedding tasks.
- Applied UX design principles to enhance usability, accessibility, and visual consistency across all screens.

Anime Watching Website (Figma Prototype) Link (August) (2025)

- I designed a clean and engaging **UI/UX prototype** for an anime streaming platform using Figma. The prototype includes structured screens for homepage, categories, anime details, and video player interactions. I focused on creating a smooth user flow, modern layouts, anime-inspired visuals, and an intuitive viewing experience tailored for streaming enthusiasts.

Pizza Shop Website Link (August) (2025)

- I created an interactive and visually appealing **pizza brand landing page** focused on delivering an engaging user experience. The design features attractive product sections, smooth animations, responsive layouts, and modern UI elements tailored for a food-themed website.

EDUCATION

B.Sc in Geology | Government Arts and Science College, Mettur Dam —2020- *2023*. CGPA-6.964

CERTIFICATION & VOLUNTANRY

- Completed UI/UX Designing course at Livewire Institute, Salem, with hands-on experience in wireframing, prototyping, and usability testing. (2025)
- **National Service Scheme (NSS)** – Community Service & Social Awareness (2022)
